Part #: R27-76 $275.00
(new design June 2009) (Schedule D)

Gasket to Panel Mount DR5000

Part number	Description	Price
DR-811036	Gasket to provide sealing when panel mount DR5000	$75.00 net price

Notes:

1. Inputs #1 & 2 for both the ink & thermal recorder models share a common ground; isolated sensors are required (t/c inputs use ungrounded junctions)
2. Thermal print recorder is configurable for single or dual channels via the front keypad. Two programmable inputs are standard on the thermal recorder.
3. Not available on single pen ink model.
4. Display:
   Decimal point: none is standard; consult factory for 1 DP
   Display Range Ink: same as configured chart range (Pen 1)
   -Consult factory if pen 2 must be different than pen 1
   Display Range Thermal: same as configured chart range per pen
5. Thermal Recorder: real time clock is standard, battery back up is not available. Order code "0" is required.
6. Ink Recorder Optional Battery Backup provides up to 48 hours of continuous recording on ink style recorders without display; with display 24 hours of continuous recorder operation.

Non-cataloged options - click here
- Private Branding, Low Voltage power input, Transmitter Power Supply, 0-1VDC process input, special chart rotation, buzzers, etc.

UL & CE: The one & two pen Ink recorders are UL & CE; the Thermal print recorder is not UL Listed or been tested for CE compliance. Certain non-catalog options do not allow for UL label.

#E232762 RoHS Compliant
