

## DIN Control External NEMA 4X Cover Accessories

Future Design Controls recommends two varieties of external splash covers for DIN controls.

[Although made by other companies FDC can direct you to where to purchase these products or provide them for you.]

- SPC Series offers 3/64 DIN through 1/4 DIN cover assemblies.
- AK-96 is a lockable front cover for 1/4 DIN controls.

**SPC Series** Splash-proof covers provide additional protection for instruments. Following NEMA-4/IP65 guidelines for windblown dust and rain, splashing water and hose-directed water, SPC covers for a protective seal around the instrument bezel.

SPC-364	3/64 DIN [special panel meter size]
SPC-116-S	1/16 DIN [standard square DIN size]
SPC-116-R	1/16 DIN [non-standard rectangular DIN size]
SPC-14	1/4 DIN spring clip mounted
SPC-18	1/8 DIN spring clip mounted
SPC-4	1/8 DIN thumb screw mounted

## Model AK-96

Lockable clear Protection Covers are available for protection against mechanical damage and unintended or unauthorized manipulation as well as protecting against dust, splashing and direct water spray

- Lockable front cover [plastic lock]
- High-impact clear plastic [polycarbonate]
- Heat resistant up to 130C
- Suitable for flush panel mounting ¼ DIN instruments for DIN 43700 [IP65]
