DR5000 Circular Chart Recorder

Product Announcement

DR5000 LED Process Display Option has been discontinued.

Due to a supply chain disruption that we have not been able to resolve, requires an immediate announcement of an End of Life (EoL) for the DR5000 optional LED Process Display. This option is in process of being removed from the order matrix.

Regrettably this EoL applies to existing orders not yet shipped.

We apologize for the inconvenience this has caused you and your customers.

The DR5000 circular chart recorder continues to be available without the PV Display.
